12th February 2015

Dear Parents,

This letter is to inform you that students in your child’s class have a severe food allergy to peanuts/nuts. It is important that there is strict avoidance to this food in order to prevent a life-threatening allergic reaction. We are asking for your help to provide our students with a safe school environment.

Any exposure to peanuts/nuts may cause a life-threatening allergic reaction that requires emergency medical treatment. To reduce the chance of this occurring, we ask that you do not send any peanut or nut containing products to school with your child that will be eaten at school. If your child has eaten peanuts/nuts before coming to school, please ensure your child’s hands and face have been thoroughly washed before entering the school.

We appreciate your support of these procedures. Please complete and return the form below, so we are certain you have received this information. Please contact me if you have any questions.

Yours sincerely

Mrs Kim Lloyd-Jones
Principal

__________________________________________________________________________

I have read and understood the recommendations as outlined above. I agree to do my part in ensuring I do not send food with nut product to school with my child.
